

IT'S CONVENTION TIME

DEMONSTRATORS NEEDED!

**Do You Have A Unique Way To Do Repairs?
Then Show Your Techniques At The Dr. Vinyl 2017 Convention!!**

By Teresa Lang

One of Dr. Vinyl's recipes for success is the **communication & sharing of information between franchise partners**. By sharing your **experiences, tips, tricks, new products, solutions to problems and fastest ways to do the job**, you can help other technicians in the field be successful!

For the **2017 Dr. Vinyl Convention** we are looking for technicians in the field to show us their best repair methods and techniques. If you have unique ways of performing certain repairs or any tips and tricks that might be useful to other technicians in the field, we kindly ask you to share your skills with others at convention 2017. This includes anything from simple tips on how to quickly mask something to more complex things such as completing a repair from start to finish.

But it is not just about how to do a repair... You can share information about your recruiting methods, your best cold calling tips, your technique on collecting past due bills from major accounts or your experience in maintaining a great relationship with your team members, your vendors and your customers!

If you want to be an active part of Convention 2017 and contribute to the growth and well-being of Dr. Vinyl, let us know by Friday January 6, 2017 and we'll help you schedule your show-times.

This year we will be awarding prizes for the following categories:

Best Paint Repair Demonstration by Franchise Owner or Associate

Best Interior Repair Demonstration by Franchise Owner or Associate

Rules will be disclosed in future convention mail outs.

You Can't Win If You Don't Participate!
