Dr. Vinyl 2017 “GO FOR IT” Convention

**Stoney Creek Hotel
Independence, MO**

THE DR. VINYL 2017 “GO FOR IT” CONVENTION PRESENTS

SCORPION WINDOW FILM

NEW OPPORTUNITIES IN WINDOW TINT, PAINT PROTECTION FILM & TRUCK BED LINERS

Friday March 3, 2017

Scorpion Automotive Tint

Scorpion auto window films are the next evolution in high-tech UV protection for vehicles. Our film not only deflects sunlight, but also blocks 99% of the sun's harmful UV rays, providing excellent protection for your skin. Prolonged sun exposure through a rear window can ruin a car's interior. The glare reduction you get from Scorpion window tint prevents the interior of your vehicle from becoming damaged and helps preserve its value and appearance. We offer 4 grades of Window Film.

Scorpion Paint Protection Film

Scorpion Paint Protection film is a high performance paint/surface protection film 6 micrometers thick. With ultra-clear, high gloss properties, our car paint protection film is nearly invisible once professionally installed. Known as PP6, this highly conformable car paint protection film requires few relief cuts. It will never turn yellow and will keep the exterior of your vehicle protected and looking sleek – backed by a 7 year warranty.

Scorpion Truck Bed Liners

Scorpion is the world-wide leader in truck bed liners and protective coatings. Scorpion is a family owned and operated business since 1996 and continues to lead the way in providing the highest quality truck bed liner on the market. Located in central Indiana, Scorpion Truck Bed Liners has applicators in every state and in 20+ countries.

Presented By Dr. Vinyl CEO - Richard Reinders

How healthy is The Dr. Vinyl Group? What are the plans as we move forward in 2017 and the years to come? Find out the answers to those questions and more at the 2017 Dr. Vinyl "Go For It" Convention.
