A Message From The CEO *A Little Review of 2024*

Hello Franchise Owners & Associates:

It was an election year that usually means that the normal monthly sales results are unpredictable. After all, for most, it was still a good year. That statement also includes for us at headquarters.

Earlier this year, **Dr. Vinyl headquarters** partnered with **Sherwin-Williams** to offer our associates a new paint repair program. The Sherman-Williams launch so far has been a great success and we are looking forward to continuing with that program. If you have any questions regarding Sherwin-Williams, do not hesitate to give me a call directly.

The majority of associates within the Dr. Vinyl/The Doctors Touch Franchise System are now using **Invoice ASAP** which Dr. Vinyl provides for free by using the Dr. Vinyl Business App.

We will continue the **Free Freight** policy that was introduced earlier this year in March, for orders exceeding **\$300.00**. More and more associates have been taking advantage of the special offer that allows them to **Save Money** on their freight charges.

We are in the process of planning for the 2025 Dr. Vinyl Convention. We are working on securing 160 suites for three (3) nights on **November 5th, 6th & 7th, 2025** in Las Vegas, NV. The hotel of choice is the **Venetian Resort Hotel - Las Vegas**.

SEMA Show 2025 will be taking place at the Las Vegas Convention Center from **November 4-7, 2025**. The plan would be for Dr. Vinyl partners to arrive on November 5th, visit the SEMA show on November 6th and gather in a convention room reserved for Dr. Vinyl on November 7th for Dr. Vinyl related topics, and cap off the evening with a delicious dinner and awards presentation. It's my intention to provide the SEMA Show entrance tickets too all Dr. Vinyl/The Doctors Touch attendees for free!

Continued on next page...

If the hotel suite prices are acceptable, it would be essential to book flights early too ensure low ticket prices.

I'm not sure if we can all pull it off, but I believe it could be a great convention! Of course, your participation will create that. I hope to inform you in the next couple of weeks about this topic.

In the meantime, Merry Christmas and a wonderful, healthy & prosperous 2025 for you and your family.

**Dr Vinyl Always,
Richard Reinders**

“Thank you all for being such valuable members of the Dr. Vinyl Group! ”

PHOTOS FROM THE FIELD

During the latter part of November, we received our first large dump of snow here in Alberta, Canada and the temperature has been quite cold. The cube truck you see in the photo below is the **Dr. Vinyl Troughing Truck** that we will be utilizing quite often this winter until the warmer weather returns. We just recently had our strongest month ever in Vinyl Siding Repair sales since purchasing the Dr. Vinyl franchise. It also helps to have some great technicians such as Matthew & Ethan.

PHOTOS FROM THE FIELD

Hello Dr. Vinyl Interior Repair techs, wanted to share what I think is the best solution for a better and more permanent velour repair. I can instantly press on it, bend it and fold it , there is no dry time, it will last, and feels closer to the original fabric as it's a smaller layer of a repair. This process requires the use of Duraflex Fiberglass Filler, subpatch, SVA, iron & Teflon Mat. If you would like specific details on this repair, please reach out to teresa@drvynyl.com . Thank you for looking!
